A FEW LINES FROM IEI, TRIPURA STATE CENTRE ...

Dr. S. Bhattacharjee, FIE
Hony. Secretary

The new State Committee of The Institution of Engineers (India), Tripura State Centre has started its functioning from December 2019. Soon after assuming the charge, the State Committee has formed various sub-committees for conducting technical activities in a synchronized and timely manner. To conduct and to promote technical activities, knowledge sharing, strengthening IEI networking, it has been planned to explore Joint Venture Programmes with other IEI Centres and organizations. Further, a Weekly Seminar of Engineering Divisions may be organized bi-monthly by respective Engineering Divisions (preferably in Saturday) involving Engineering Students, Faculties, Practicing Engineers, stakeholders. To envisage the possible technical activities of IEI, TSC for the Year 2020-2021, a planned activity schedule has been geared up.

The present issue of the News Letter encompasses the various recent activities of the Centre and introduces newly formed Tripura State Committee Members, different Sub-committee Members, Advisors, Permanent Invitees, Special Invitees and Invitees of IEI, Tripura State Centre.

As decided, the monthly committee meeting of IEI, Tripura State Centre is scheduled on 2nd Saturday at 6:00 PM of every month. In addition, meeting may be conducted as per necessity. IEI, Tripura State Centre remains open from 01:00 PM to 08:00 PM in all working days. However, the unexpected outbreak of COVID-19 pandemic has caused sudden disruption in the schedule activities of the Centre. The prevailing unprecedented situation and stringent social distancing norms prohibit the programs with congregation. Consequently exploration of webinars has become a matter-of-fact. In this period of nationwide crisis, we wish good health and safe staying of all. After every dark night comes a glorious morning of a new day, we believe mankind will soon conquer this pandemic and post COVID-19 era may bring us more close to nature for sustainable evolution of our mother earth.

The IEI News Letter of Tripura State Centre is published quarterly for circulation of all activities and information of IEI, Tripura Centre. We look forward to advice/suggestions from all for betterment of our activities as well as our IEI News Letter.

The Institution of Engineers (India)

Tripura State Centre

APPEAL FOR MEMBERSHIP

The Institution of Engineers (India) was registered in 1920. The Institution was granted the coveted Royal Charter in 1935 “to promote and advance the science, practice and business of engineering in all its branches in India”. Having initiated the journey with a defined mission, IEI is now a unique professional body featuring 15 engineering disciplines and has overall membership of over 2 lakhs Corporate members and about 1.5 lakhs Student Members.

IEI, with its presence in 6 countries also represents India in several International Forums, like World Federation of Engineering Organizations (WFEO), International Engineering Alliance (IEA), Federation Internationale du Beton (fib), Federation of Engineering Institutions of Asia and the Pacific (FEIAP), and Federation of Engineering Institutions of South and Central Asia (FEISCA), besides having a host of strategic tie ups with professional societies across the globe.

IEI functions with and amongst professional engineers, academicians and research workers and provides a vast array of technical and value added professional services to the Government, industries, academic and engineering communities.

IEI has been conducting its well recognized engineering education programme since pioneering the same in 1928. Post-completion, the programme is acknowledged to be equivalent to a degree in engineering by the Government of India.

IEI, Headquartered in Kolkata, India and administered by a Council led by its President, operates through 125 State and Local Centres located in the State capitals and towns of industrial and academic importance all over the country along with six Overseas Chapters. The Secretary and Director General is the Chief Executive Officer of the Institution.

The Corporate Membership of the Institution is open to any person with an accredited engineering degree with required professional experience. The membership portfolio based on accumulated professional experience and level of responsibilities includes: Associate Member, Member and Fellow grades. For details, application for IEI membership, visit: <http://www.ieindia.org>.

The Non Corporate Membership is also there for Engineering Diploma Holders & also for applied Science Graduate.
