**To****All Chairmen and Honorary Secretaries****IEI State/ Local Centres and Overseas Chapters**

Dear Sir/Madam,

This has reference to the email dated 24 Oct 2020 sent to all Council Members regarding the proposal for organizing the 35th Indian Engineering Congress by virtual mode.

It was decided earlier that this year the Global Engineering Congress would be held in Delhi in December 2020. But due to the ongoing difficult situation arising out of COVID-19 pandemic Centenary events have been dropped including Global Engineering Congress. In view of the prevailing situation, it has been decided that the 35th Indian Engineering Congress will be during 18-20 December 2020. The theme for the Congress is mentioned below:

**'Engineering for Self Reliance and Sustainable Goals'**

The 35th Indian Engineering Congress will comprise activities such as Inaugural session, Memorial Lectures (total 08 nos), Visionary Talks, Technical Sessions, Release of Centenary of Certificates to the Centenary Contributors and Concluding/ Valedictory sessions. The virtual platform for the Engineering Congress will be provided by the National Skill Development Corporation.

The brochure of the congress containing the details of the programme will be sent in due course.

This is for your kind information please.

With kind regards,

**H R P Yadav**

Secretary &amp; Director General - I/C
